Better with Bronic.

TEST EQUIPMENT

Bronic offers a complete range of professional test equipment suited for plumbing, HVAC and pressure testing applications. Trusted by trade, Bronic test equipment is designed to make the job easier, helping to save on both money and time.

Bromic Digital Manometer Kit

Bromic's HT-1891 Digital Manometer is accurate to $\pm 0.3\%$ FSO (25°C). With 11 different units of measure, it has a record function to retain data and boasts a large dual LCD screen with a backlight. Running off a simple 9V battery, the HT-1891 even has a low battery indicator.

- Record function
- Data hold
- Large dual LCD with backlight
- Max/min/avg value
- Low battery indication
- Auto power off
- 11 different units of measure

PRODUCT CODE	8688951
Display	Dual LCD
Accuracy	$\pm 0.3\%$ FSO (25°C)
Repeatability	$\pm 0.2\%$
Linearity/Hysteresis	$\pm 0.29\%$ FSO
Pressure Measurement Range	± 34.47 kPa
Low Battery Indicator	YES
Over Range Indicator	Err.1
Under Range Indicator	Err.2
Operating Condition	0° to 50°C
Power Supply	1x 9V Battery (included)

Bromic Stainless Steel Test Bucket

A useful tool for the plumbing trade, designed to test that water lines are sealed and free from leaks in either residential or commercial settings. They provide reliable pressure test results for leaks in water lines, so that the water mains can be switched back on with peace of mind

- For pressure-testing water systems to ensure they are sealed and free from leaks.
- Reliable and accurate test results
- Current pressure is shown on gauge for easy identification in case of loss of pressure
- Kit includes 1.5m long hose and 4 spare washers for the hose
- Pressure displayed in MPa, PSI and bar

PRODUCT CODE	8688100
Testing Range	0-60 bar (860psi, 6Mpa)
Tank Capacity	12L
Flow	45 ml/stroke
Connections	1/2" BSP
Valve Material	Brass
Tank Material	304 Stainless Steel
Handle	Solid Steel
Hose	1.5m length high pressure hose

BROMIC TEST PLUGS

Bromic Test Plugs

Bromic Test Plugs are designed for testing leaks and to seal off sections of pipelines. The Test Plugs are developed with a vent tube for venting excess back-pressure, suitable to test pressure in sewage, waste and stormwater pipes. Before selecting a test plug the maximum allowed back pressure should be pre-determined.

- Available in sizes from 40mm - 150mm
- Thrust washers fitted as standard on all sizes
- Zinc plated - corrosion resistant to 90 hours of salt spray test
- Combines the economy of price with the strength of steel
- Quality guaranteed
- One-person, easy installation

BROMIC THERMOCOUPLES

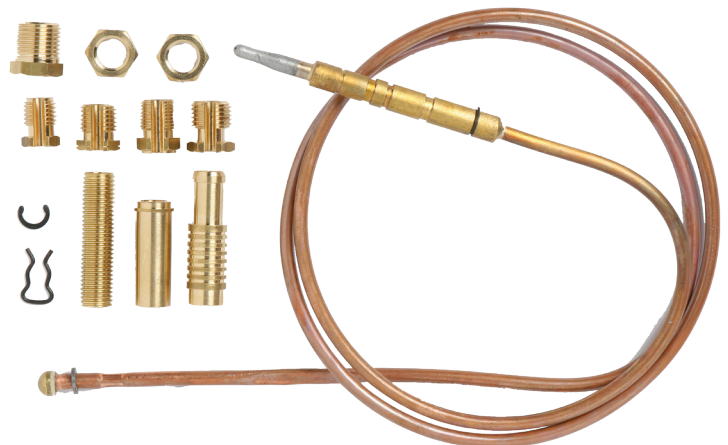

Bromic Universal Thermocouples

Bromic's universal thermocouples are intended to cover the replacement needs of most appliances found in the market today.

Thanks to their simple design, they have the ability to be used with many types of controls and pilot burners, offering ease of installation and reliable performance.

- High quality construction
- Covers the replacement needs of most appliances found in the market
- Compatible with many types of controls and pilot burners
- Simple design for ease of installation

Lido Junior Marine - Deluxe 2-Burner Cooker with Grill

- Specifically designed for all marine craft supplied with searail and gimbal
- Includes flame failure safety shutoff
- Brass burners
- Includes large pot holders for safer cooking while out on water
- Low pressure appliance
- Global-Mark GAS-100177-004 Certified (LPG only)

Marine

2020069-1
Marine Lido Junior

Hose & regulator not included. Product No. 6260514 sold separately.

Lido Junior Caravan - Deluxe 2-Burner Cooker with Grill

- Sturdy and compact cooker with grill
- Designed for indoor or outdoor use in caravans, recreational vehicles and weekenders
- Includes flame failure safety shutoff
- Brass burners
- Stainless steel body with painted base and hinged lid
- Low pressure appliance
- Global-Mark GAS-100177-004 Certified (LPG only)

Caravan & Camping

Bromic Weed Burner

instant trigger start outdoor utility torch designed to produce high heat intensity flames for various uses. Great for burning off weeds or leaves, starting BBQs or camp fires, controlling insects and melting ice.

- Large circular flame for outdoor use
- Comfortable rubber grip
- Adjustable flame control knob for ease in switching between different applications
- Instant on trigger-start for easy lighting
- 91cm reach from grip to tip
- Lightweight torch

Part No. 1811850-1

PROPANE

Bernzomatic Outdoor Propane 465g Cylinder

The outdoor Propane Cylinder is compatible with most portable stoves, lanterns, heaters and camping appliances. Constructed of durable steel with reliable valves that are safe and easy to use.

- CGA600 valve fits most portable appliances, grills and lanterns requiring propane
- Lightweight design for portability
- Durable steel construction
- Perfect for on-the-go cooking, grilling, heating & lighting
- Model Number TX916

Part No. 1811225

PROPANE

All Bromic products are manufactured to the highest quality standard and come with guarantees against any material or workmanship defects; guarantees that cannot be excluded under Australian Consumer Law. For specific warranty details on any of our products, including warranty duration, please refer to the product instructions. Alternatively, you can contact one of our helpful customer service staff or visit bromicplumbing.com for more information.
