

Part No. 7575134
WATERBOY™ 800W SUBMERSIBLE PUMP
WITH INTERGRATED CONTROLLER

Features

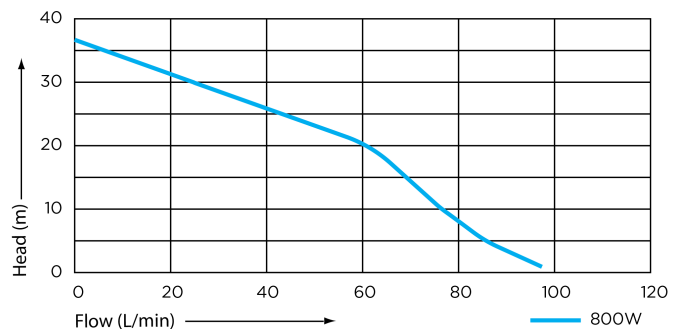

The Bromic Waterboy™ 800W submersible pump with integrated controller offers a complete solution for domestic household pressure systems and garden irrigation. The pump features an integrated controller, which starts and stops the pump in response to demand. This eliminates the need for external pump controllers, simplifying installation and streamlining operation. Use with the Hydro Switch™ Rain to Mains changeover valve.

- Quiet operation
- 2.2 bar cut-in pressure
- Auto restart after power outage
- Dry-run protection
- Auto restart check after dry-run protection
- Electrical safety approval to GMA-514285-EA
- Tested to Drinking Water Standard - AS/NZS 4020
